

## Produktdatenblatt

Verordnung (EU) 2020/740

|                                       |                              |
|---------------------------------------|------------------------------|
| Marke                                 | MICHELIN                     |
| Profilausführung                      | X-ICE SNOW+                  |
| Artikelnummer                         | 381162                       |
| Dimension                             | 245/35R20                    |
| Tragfähigkeitsindex                   | 95                           |
| Geschwindigkeitsindex                 | H                            |
| Kraftstoffeffizienzklasse             | C                            |
| Nasshaftungsklasse                    | D                            |
| Klassifizierung externes Rollgeräusch | A                            |
| Externes Rollgeräusch                 | 69 dB                        |
| Winterreifen (3PMSF)                  | Ja                           |
| Winterreifen für Eis                  | Ja *                         |
| Produktionsbeginn                     | 48/24                        |
| Produktionsende                       |                              |
| Version Lastindex                     | XL                           |
| Zusätzliche Informationen             | 245/35R20 95H XL X-ICE SNOW+ |

\* Ice tyres are specifically designed for road surfaces covered with ice and compact snow and should only be used in very severe climate conditions. Using ice tyres in less severe climate conditions could result in sub-optimal performance, in particular for wet grip, handling and wear.
